

Mid Argyll

Forum

Monday 22nd April

6.00pm

Lochgilphead Joint Campus (please note this is an updated venue)

The forum invites parents of pupils from P5 to S6, pupils of Lochgilphead Joint Campus and members of community groups who are interested in supporting our teenagers to live and grow in a community that is safe and engaging.

Planet Youth uses local data and a community members to identify and address issues that our teenagers face. We want to work together to create a Mid-Argyll where young people are supported to be healthy and happy.

If you are a parent of a child aged 8 to 18, a teenager in Mid Argyll or a member of a community group or third sector organisation, please come along.
